PROFILE

I am M.Ravi from Bishop Heber College, demonstrating a dedicated pursuit of academic excellence. As a diligent and adaptable individual, I possess a strong foundation in my studies, reflecting my commitment to personal and professional growth. My coursework has equipped me with a solid understanding of software development principles and practices. I am a flexible and reliable team player, known for excellent time management skills. My maturity and ability to thrive in diverse, challenging situations make me an ideal candidate for the software developer role. Whether collaborating within a team or taking the initiative independently, I bring a dynamic approach to problem-solving and project execution. I am eager to leverage my skills and contribute to innovative software development projects, bringing enthusiasm, adaptability, and a strong work ethic to your team.

Jan 2021   B.sc Computer Science
                        Bishop Heber College, Tiruchirappalli,

---

INTERNSHIP

Role: Software Developer
Project: HePTA (Heber E Portal Template for AQAR)
Description: A comprehensive platform for managing college data, facilitating
            seamless collection, organization, and presentation of information on events,
            cultural activities, student details, scholarships, and office records. Offers
            user-friendly data upload and retrieval features, along with robust
            administrative functionalities for tracking department-wise uploads and
            generating insightful visualizations. Ideal for educational institutions seeking
            efficient data management and reporting for accreditation purposes.
Duration: Aug 2023 to Dec 2023 Frontend:
Html, css, Js, Bootstrap Backend: Php
